

- ☛ **EXERCISE 5.** a. Fill the blanks with words/initials common in your field.  
b. Mark the heavy stresses of all items.

**Initials**

○  
Stress the last letter. For example, "E S L."

CBS

SAT

IBM

ITA

UCLA

1. \_\_\_\_\_ 2. \_\_\_\_\_ 3. \_\_\_\_\_

**Chemical Compounds**

○  
Stress the last word. For example, "carbon dioxide."

propyl ether

hydrogen chloride

Others: \_\_\_\_\_  
\_\_\_\_\_

**Noun 2 is made out of Noun 1**

When the first noun tells the material out of which the second noun is made, the second noun usually receives more stress.

○  
For example, "a stone wall"

steel container

lead pencil

Others: \_\_\_\_\_  
\_\_\_\_\_

**Time + Noun**

When the first noun indicates the time when the second noun takes place or is scheduled, the second noun usually receives more stress.

○  
For example, "the evening paper"

a noon appointment

the morning news

Others: \_\_\_\_\_  
\_\_\_\_\_
