[Friends planning evening activities]

- A. Some of my young friends from the *Park District program plan to come over this evening. I've been promising them we'd get together for *popcorn and a movie soon. Can you join us?
- B. Thanks. It sounds like fun. But I'm going to see a *pen-and-ink exhibit at the *Art Museum with Jan Fleming. And then we're meeting some folks at her place. She's planning on showing a film about the building of an underwater aquarium on Guam.
