We will briefly go over Quiz 3. I will ask you to read the dialogs from the quiz, to check the accuracy of your production of phrase and word stress and vowel quality.

Area Targets (Areas for Special Work)

During this office visit, I will ask you to read the target area practice materials that have been covered in class so far. The AT materials covered include 1, 2, 5 (/ð/), 6, 7 (/ʃ/-/tʃ/), 8 (/ʒ/-/dʒ/), 14 (trimming), 21, and 23. Please identify and practice the GAT/SAT words that contain your Area Targets covered so far. I will ask you to read these.

Focus Text

Before we meet, mark the following items on your focus text: message units, primary stress, linking, sounds that you are working on as part of your Areas for Special Work. Practice your focus text before our meeting.

Your Progress

We'll also review your overall progress and discuss any questions you have about class content, homework, and related issues.

I look forward to meeting with you!
